

Better Than Local.

THERE. WE SAID IT.

Here's What They say:

"It was a tough decision to put on a syndicated show. We've been local since B97 started. But Kidd Kraddick In the Morning Isn't your typical syndicated show. They connect with the audience in a way I've never heard in mornings. It's hard to argue with the ratings success. We have our highest numbers (and our highest revenue) in years."
